

## **Forever together**

I think he is nice  
he is like my dream guy.  
When I look into your eye  
I see a rainbow in the sky.  
When I smell your open hair  
there is a wonderful flavor in the air.  
I just want to touch your lips  
like Edward and Bella at Eclipse.  
You are my one and only  
you stop me from being so lonely.  
Hand in hand we are together  
you and me forever.  
I keep running away from the truth  
I think I am crazy for loving you.  
Forever together and never apart,  
maybe by distance but never by heart.
