

I love you

When I look into your eyes
they are beautiful and very nice.

My heart is beating faster
what a wonderful disaster.

Your smile is like a butterfly
so I thought I am in the sky.

The sunlight seems in your hair
music is in the air.

Your fragrance makes me crazy
the world I see hazy.

If I take your hand

I want to travel with you in another land.

Only we two

I love you!
